EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney for applicant, John P. Wagner, Jr. on 06/18/2007.

The application has been amended as follows: **cancel claims 7-10.**

Allowable Subject Matter

2. Claims 1, 3-6 and 11-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: In response to remarks and claim amendments made in Applicant's Amendment filed on 03/02/2007, Applicant's argument is persuasive. **In claim 1**, applicant states that the limitation "a printed circuit board interface for coupling said second printed circuit board with said first printed circuit board in a modular configuration to provide a functional multi-stage printed circuit board, wherein said modular configuration enables replacement of either said first printed circuit board or said second printed circuit board from said pair of card guides without requiring the removal of the other of said first printed circuit board or said second printed circuit board from said pair of card guides;" This limitation, in conjunction with other limitation as claimed in the claim 1, was neither

found to be disclosed, nor suggested by the prior art. **Claims 3-6** depend on the claim 1. In **claim 11**, applicant states that the limitation "a pair of card guides for coupling said plurality of printed circuit boards in a modular configuration such that a removal of one of said plurality of printed circuit boards from said pair of card guides does not require the removal of any of the remaining of said plurality of printed circuit boards from said pair of card guides." This limitation, in conjunction with other limitation as claimed in the claim 11, was neither found to be disclosed, nor suggested by the prior art. **Claims 12-20** depend on the claim 11. Amended claims have been considered and upon conclusion of a comprehensive search of the prior art, the office indicates that the claims, as amended, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
